

# COMPARING STRATEGIES:

The fight against lung cancer

Patients' advocates want compensation for family members who care for patients

The Italian Federation of Volunteer-based Cancer Organisations (FAVO) has won agreement on a rule requiring a doctor's appointment within **15 days of requesting it**

An ongoing project: Developing a **comprehensive approach** to lung cancer in Italy that combines:

Italy is trying to develop a system offering **equal access** to quality care regardless of region

## PREVENTION

## SCREENING

## TREATMENT

## PALLIATIVE CARE

“The ongoing programmes in Italy are regional networks for optimising prevention, diagnosis and treatment.”
